

मोतिया बिंदु जितना कच्चा उतना अच्छा

- Softer cataracts are easy to handle during the surgery, and the predictability of the cataract surgery is higher while operating softer immature and early cataracts. Hence it is highly advisable to take up cataract surgery early.
- Please don't wait for your cataracts to get mature, as it makes the surgery more difficult, and less predictable.
- Now you can take your cataract surgeries round the year, and the season does not have any effect on the final outcome.

Phaco-emulsification with implantation of a foldable IOL remains the most accepted technique of cataract surgery world-wide.
